How To: Submit your child's work for a Learning Task

If you are required to assist your child in submitting work online for a Learning Task, you can do so by going to their 'Learning Task' tab and clicking the title of the applicable task. This can be done via their student login, or from within your parent portal.

When in the task, click 'Create Submission'. If you don't see this option, it means online submission has not been enabled for this task; please contact the teacher for further assistance.

Select the file you want to upload from your device, it will then show as a submitted file. You can click the little disk/arrow icon next to the file to download it if at a later date you want to view it.
