POLICY

1. School profile

Numurkah Secondary College was established in 1957 and is located approximately 227 kilometres north of Melbourne. We are surrounded by a supportive community and work collaboratively with active School Council.

Numurkah Secondary College had 257 students enrolled during 2022 across year levels 7-12. Students come from Numurkah as well as surrounding towns and villages including Katunga, Strathmerton, Wunghnu, Katamatite, Waaia, Naring, and Tallygaroopna. Our college supports a range of pathways for students including VCE, and VCE Vocational Major with opportunities to engage in School Based Apprenticeships and VET courses

Numurkah Secondary College has developed close ties to the local community which enable diverse learning opportunities for students, and we enjoy support from our local shops and community services.

Students are supported by over 50 staff members, including well-being staff such as a school psychologist, school chaplain, school nurse and the Doctors in Schools Program.

Our school is situated in a rural community where agriculture and healthcare are key industries and employers in the area. This also informs the aspirations and focus for many of our students.

Numurkah Secondary College Innovations

Numurkah Secondary College strives to provide a caring and supportive environment where students and staff are able to learn, to grow and to pursue excellence.

To facilitate this, students joining the college in Year 7 experience a program that exposes them to a range of subjects across areas such as wood and metal work, textiles and the arts. This together with subjects such as English, Maths, Science, Humanities and Physical Education allows students to see what is possible on their learning journey.

Students in Years 8-10 have greater flexibility in their learning journey, allowing them to choose from a range of themed subject offerings in the areas of the Technologies and Arts, Humanities and Physical Education. In Year 10, the options allow diversity in additional subjects such as Maths and Science to support students in their next big step into senior secondary education.

Students in Years 11 and 12 are offered a broad choice of subjects to support their goals as they finish their secondary schooling, including VCE subjects and the new VCE Vocational Major that builds on and replaces our well established and successful VCAL program.

2 School values, philosophy and vision

Numurkah Secondary College's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respect, excellence, aspiration and pride at every opportunity.

Our school's vision is "Inspiring aspiration and lifelong learning."
